Preparatory School Islamabad, Islamabad, Pakistan

O Levels 2009

Additional Mathematics A

Mathematics A

Physics A

Chemistry A

Biology A

English Language A

Urdu Language A

Islamiat A

Pakistan Studies A

English Literature A

Work Experience:

Sept. - Oct. 2010 BEC Futsal Fiesta 2010, Islamabad, President

Organised the yearly futsal tournament in my school. Assisted by a few others, had to buy the necessary equipment, manage all the fixtures in a congested schedule and improvise if any teams had issues sticking to the schedule. Managed to make this event profitable and the better than all previous others.

Interests:

Football: Was always part of my school team and have taken part in many tournaments. My team was runner-up in the BEC Futsal Fiesta 2010. Helps keep my body in shape and has helped me develop organizational skills.

Debating: Won first prize in Bahria Declamation Competition 2008. Also took part in RMUN 2009 and have taken part in countless debates and declamations. Has helped me be able to offer good arguments and be persuasive. Furthermore, I was also in the organizing team of BEC PSD 2011 (Parliamentary Style Debates).

Reading: I like to read a lot of fiction. Favourite authors include J.K.Rowling, Christopher Paolini, William Golding, Dan Brown, with my favourite book of all time being 'To Kill a Mockingbird' by Harper Lee.

Mathematics: Not satisfied with just coursework, I took part in the Kangaroo Competition in 2010 and also organized the Math and Science quiz for BEC Olympiad 2010. Additionally, in my A2, I worked as a part-time tutor to my junior year (AS Level).

Skills

Programming: Visual Basic, and a little bit of Java
